

Verba Release Notes

Verba 3.5 Release Notes (build 3.5.0000)

This document lists new features and fixes released in Verba 3.5 Release Notes (build 3.5.0000).

Release Date 2007-03-05

Document Download Date 2023-03-31

Updates

Since the release of this major version, the following updates were released:

[3.5 SR4](#) (build 3.5.4000)

Release highlights

ID	Component	Description
RI-001803	Security	Call visibility restriction
RI-001499	Recording - Passive	Redesigned passive recording engine allows up to 1000 concurrent monitored calls with up to 250 concurrently recorded
RI-001500	Recording - Passive	On-the-fly configuration of recording engines
RI-001494	Recording - Cisco	Support for Cisco CallManager 5.0 and 5.1
RI-001496	Recording - Cisco	Improved Cisco IP Phone application functionality
RI-001501	UI - Web Interface	International time handling / timezones
RI-001804	Solution - Service Provider	High availability option
RI-001497	Platform - Configuration	New Node Manager console application and Node Manager Agent service allows configuration of multiple CARIN recording systems from one central management application
RI-001802	Platform - Configuration	Configuration change tracking / auditing
RI-001495	Platform - Environment	Support for Windows Server 2003 and SQL Server 2005.
RI-001825	Platform - Environment	Supports for Windows Server 2003 and SQL Server 2005.
RI-001806	Platform - Monitoring	Improved system monitor
RI-001498	Platform - Tools	New Support Feedback Tool collects information about a system and packs it into an easy to handle ZIP file to be delivered to the support team
RI-001805	Platform - Tools	Business continuity service

Known Critical Issues

There are no known issues in this build.

Critical Fixes

There are no new critical fixes in this build.

Feature Improvements

ID	Component	Description	Added in	Date
RI-001820	Recording - Passive	New function that allows reconfiguring gateways and IP PBXs without restarting the engine		2014-08-10
RI-001821	Recording - Passive	New function that allows extension (accesslist.xml) configuration without restarting the engine		2014-08-10
RI-001822	Recording - Passive	New function that allows log level change without restarting the engine		2014-08-10
RI-001823	Recording - Passive	New command line interface functions include quick diagnostics, interface listing		2014-08-10
RI-001809	UI - Web Interface	New system-wide IP telephony equipment configuration for gateways and conference resources		2014-08-10
RI-001810	UI - Web Interface	New system-wide extension configuration allows disabling/enabling call recording for an extension number or pattern		2014-08-10
RI-001811	UI - Web Interface	New reconfigure button on location configuration tables allow automatic reconfiguration of call recorder servers without restart		2014-08-10
RI-001812	UI - Web Interface	New field in user configuration allows administrators to set users time zone		2014-08-10
RI-001813	UI - Web Interface	New time handling allows showing time information according to user's time zone		2014-08-10
RI-001814	UI - Web Interface	New system-wide user-based change tracking system provides traceability for all web-based management events		2014-08-10
RI-001815	UI - Web Interface	New user parameter allows filtering the users call visibility to a time period		2014-08-10
RI-001816	UI - Web Interface	New 'Valid to' field in user administration		2014-08-10
RI-001817	UI - Web Interface	New button on top left corner to hide CARIN web interface header banner		2014-08-10
RI-001807	Platform - Configuration	Node Manager console application and Node Manager Agent service allows configuration of multiple CARIN recording systems from one central management application		2014-08-10
RI-001824	Platform - Monitoring	New idle monitor that sends alerts if recording engine is idle for a period of time		2014-08-10
RI-001808	Platform - Tools	Support Feedback Tool collects information about a system and packs it into an easy to handle ZIP file to be delivered to the support team		2014-08-10

Fixes

ID	Component	Description	Fixed in	Date
RI-001818	UI - Web Interface	Resolved caveat with file availability checks causing performance problems on systems with online archive or millions of calls		2014-08-10

RI-001819 UI - Language

Resolved caveat with default language setting set to different language than the current setting of the web interface

2014-08-10
